

Bonville upgrade Upgrading the Pacific Highway

25 January 2007

RE: Changes to traffic conditions

Dear resident

The NSW Roads and Traffic Authority (RTA) has contracted Abigroup Contractors Pty Ltd to design, construct and maintain for ten years the 9.6 km Pacific Highway Bonville upgrade. This project is jointly funded by the NSW and Australian governments.

From **30 January 2007**, the existing speed limit of 80km per hour near Mailmans Track will be extended 1km south along the highway. In addition, the speed limit along Keevers Drive (old Pacific Highway) in this area will also be reduced to 80km per hour. This will improve safety for motorists while work is undertaken to temporarily relocate the existing Keevers Drive / Pacific Highway intersection.

During **February 2007** motorists travelling along Perrys Road onto Keevers Drive will be diverted south 400m to access the Pacific Highway. This detour will allow the construction of a service road, as part of the Bonville upgrade.

The temporary intersection arrangements are expected to be in place until mid 2008.

Motorists and pedestrians are advised to observe all project signage and traffic control directions during construction.

Normal construction work hours are Monday to Friday from 7am to 6pm and Saturday from 8am to 1pm.

Nearby residents will be advised of any construction activities occurring outside normal working hours. Abigroup apologises for any inconvenience that may be caused and asks for your patience during this period.

If you would like more information about the project, please call the project information line on **1800 725 321 (24 hours, toll free)**.

Alternatively you can visit the website www.rta.nsw.gov.au/pacific, email bonville@abigroup.com.au, write to PO Box 8047 CHDC, Coffs Harbour NSW 2450, or call in to the project information centre on Bonville Station Road, Bonville. The information centre is open Monday to Friday from 9am to 5pm (excluding public holidays).

Yours sincerely

Matt Frodsham
