## Upgrading the Pacific Highway

### **Bonville upgrade**

*This project is jointly funded by the Australian and New South Wales governments*

The NSW Roads and Traffic Authority has engaged Abigroup Contractors Pty Ltd to undertake the design, construction and 10-year maintenance of the 9.6km Pacific Highway upgrade at Bonville.

#### **Changes to traffic conditions**

Works are almost complete on the Bonville upgrade with traffic to be switched onto the new alignment in the week commencing 15 September 2008, weather permitting.

To celebrate the opening of the project a community open day will take place on Sunday 14 September 2008.

After the new highway is open to traffic access to Butlers Road from the existing Pacific Highway will be temporarily closed to local traffic for about four weeks to allow for construction of the new Archville Station Road roundabout.

While these works are taking place, motorists from Butlers Road can access the existing Pacific Highway via Gleniffer Road. Signposting will be in place to assist motorists.

#### **Safety**

Please observe all project signage and traffic control directions during construction.

#### **Construction hours**

Monday to Friday 7am to 6pm and Saturday 8am to 1pm.

Nearby residents will be advised of any construction works occurring outside normal working hours.
