

## **Bonville upgrade**

### **Upgrading the Pacific Highway**

25 January 2007

#### **RE: Changes to traffic conditions**

Dear resident

The NSW Roads and Traffic Authority (RTA) has contracted Abigroup Contractors Pty Ltd to design, construct and maintain for ten years the 9.6 km Pacific Highway Bonville upgrade. This project is jointly funded by the NSW and Australian governments.

From **30 January 2007** the construction of temporary detours will commence along Archville Station Road, East Bonville Road and Williams Road. Construction of the temporary detours will have intermittent impact on traffic flow on these local roads.

During **March 2007** traffic is expected to be diverted onto the temporary detours. This will allow the necessary utility adjustments to take place as well as bridge and road construction works to commence at Archville Station Road, East Bonville Road and Williams Road (overpasses).

Access along these roads will be maintained at all times. Changes will be clearly marked by directional signposting. These works are expected to be completed by mid 2008 (weather permitting).

Motorists and pedestrians are advised to observe all project signage and traffic control directions during construction.

Normal construction work hours are Monday to Friday from 7am to 6pm and Saturday from 8am to 1pm.

Nearby residents will be advised of any construction activities occurring outside normal working hours. Abigroup apologises for any inconvenience that may be caused and asks for your patience during this period.

If you would like more information about the project, please call the project information line on **1800 725 321 (toll free)**.
