Bonville upgrade Upgrading the Pacific Highway

X September 2006

Dear resident,

The Roads and Traffic Authority (RTA) has contracted Abigroup Contractors Pty Ltd to design, construct and maintain for ten years the Pacific Highway Bonville upgrade.

This 9.6 km upgrade of the Pacific Highway commences in the south adjacent to Perrys Road, bypassing Bonville village, and finishes at the junction of Lyons Road, approximately 11 km south of Coffs Harbour.

As part of its contract with the RTA, Abigroup will provide **'at house' treatments** to eligible properties that may be affected by highway noise once the upgrade is complete. Your residence has been identified by the RTA as requiring architectural treatment. The form of treatment will vary with each property. Individual discussions regarding treatment requirements will take place with relevant property owners.

Please refer to the enclosed fact sheet 'How is noise addressed?' for more information on how noise impact is assessed and how it can be reduced.

Further information about the project can be obtained by contacting the Bonville Community & Communications Manager, Mr Matt Frodsham on the community information line, **1800 725 321** or by email: bonville@abigroup.com.au

Yours faithfully

Chris Bryce
Project Director
Bonville Upgrade
